Summary

Computer Engineering student at UNLaM with hands-on practice in IT support fundamentals, SQL & BI (Power BI) and web development (HTML/CSS/JavaScript, Astro). Strong end-user communication, structured troubleshooting, and documentation mindset. Looking for an entry-level role or internship to grow in real projects.

Technical Skills

IT Support: Windows 10/11 (basic configuration), software installation, drivers & peripherals, ticket follow-up, user assistance

Networking: LAN/Wi-Fi concepts, IP/DHCP/DNS basics, connectivity troubleshooting; basic awareness of VPN/TCP/IP

Data/BI: Power BI, Power Query, DAX basics, KPI dashboards, star schema (basic)

SQL: Joins, subqueries, CTEs, views, basic relational modeling; export/reporting

Web: HTML5, CSS3, JavaScript (ES6+), Astro, responsive UI, REST API consumption

Tools: Git/GitHub, Excel/Google Sheets, Vercel/Netlify deployment

Projects

- **CineCerca (Astro + JavaScript)** — Web application to search for movies and check nearby theaters with showtimes, format, and language. Includes title details, API consumption, and a responsive interface.
- **Sales Dashboard (Power BI)** — Star schema + KPIs (sales, avg. ticket, YoY%), filters by date/region; published to Service.
- **SQL Reporting Pack** — Reusable queries with joins/CTEs/views for monthly KPIs and Top-N rankings; export to CSV.

Education

Universidad Nacional de La Matanza (UNLaM) — Computer Engineering (in progress)
2025 – Present

Certifications

- Web Development — Coderhouse — Mar 2024
- JavaScript — Coderhouse — May 2024
- SQL — Coderhouse — Dec 2024
- Introduction to Power BI — Santander Open Academy — Apr 2025

Languages

Spanish: Native. English: Intermediate (conversational).
